It was a fantastic piece of steak...deep in flavour and soft to the last bite.

Truly sublime...melts in the mouth. Flavoursome... can't stop smiling.

The flavour and texture were exceptionally good... far superior in both taste and texture to other sorts of burgers.

Rump steak

If it was a different shape I'd be convinced it was fillet.

Sirloin

Just ate our Wagyu steaks. Absolutely superb. They weren't just good. They were melt in your mouth superb.

C. Hill, Belfast

Sirloin

Steaks were, as the kids say it, A-MAH- ZING. Very tender, super flavourful. Best steak yet!

C. Hoo, Belfast

Sirloin

The steaks were DOUBLE EPIC! For a sirloin, I couldn't believe how tender it was... I didn't eat any sauce with it. It just didn't need it!

Various steaks

Just had the first batch of the steaks. They were amazing! Already looking forward to the second half and the burgers. Will definitely be ordering some more.

I have just cooked a sirloin and fillet tonight and honestly we have never tasted a piece of meat to compare... and we have eaten in some pretty top class restaurants.
